

(With Optional Seal Kit)

Standard Features:

- System Sentinel™ L.E.D. diagnostic system
- Surface mounted and immersion thermostat models available
- Lifeguard stainless steel elements
- 208, 240, 277 and 480 voltages
- 3 year limited tank warranty
- Manual reset high limit control
- Magnetic contactors and integral fusing
- 1-1/2" NPT inlet/outlet dielectric nipples factory installed
- 3" Rigid polyurethane foam insulation
- Heavy duty anode rods
- Full port, full flow, brass drain valve

- Factory installed AGA/ASME rated T&P relief valve
- Certified for a 150 PSI maximum working pressure (160 PSI for ASME models)

Options:

- UL Sanitation compliant models available
- Thermostat staging
- ASME tank construction
